

# Mentoring

PARTNERSHIP OF CENTRAL PENNSYLVANIA

## **MPCP's Participating Organizations**

Many of the Mentoring Partnership of Central Pennsylvania's (MPCP) participating organizations are need based: having self-identified the internal challenges of their programs and seeking complementary skills and services from a pool of supporting organizations within the partnership.

Many of our participating organizations are service based: with solid infrastructure and years of experience, these organizations are able to provide guidance and training to emerging programs.

In addition, MPCP provides training sessions that are available to any non-profit mentoring organization that would like to attend.

### **The participating organizations of MPCP:**

- Barak
- Big Brothers Big Sisters
